Has your site been registered with WHC's Nest Monitoring Program before? Yes

If yes, when? 2000

WHC asks each site to register annually to provide up-to-date information of the number and type of structures being monitored.

Please indicate the type and number of nesting structures at your site (e.g. Osprey Platform: 3, Bat Box: 1, Bluebird Boxes: 25, etc.) and/or the area of monitored ground nesting (e.g. Least Tern, Beach: 500' x 350', Killdeer Graveled Lot: 3 acres).

If you have Purple Martin houses, please indicate the number of individual homes. For example Purple Martin houses – 2 (12 homes each).

Bluebird Boxes - 21

If you need WHC's Nest Monitoring Guidelines sent to your site, please check here.

If your site contains songbird or wood duck boxes, please record the number of nest boxes you have located in the following habitat types:

Songbird Boxes

Pasture or open field: 8

Lawn (mowed areas): _____

Woodland edge: 13

Other (specify): _____

Do you maintain the area around your boxes in an open condition? Yes

If yes, explain how (mowing, clearing, pasturing, etc.): mowing path between field boxes and to edge of woodland

Wood Duck Boxes

Open Water: _____

Shoreline: _____

Woods adjacent to water (proximity of length from water): _____

Do you clean and maintain your songbird and wood duck boxes each year? _____

If you have any innovative ideas, success stories or useful information that could be shared with other sites, please submit them on a separate sheet of paper and enclose it with this registration form. WHC will publish them in our quarterly newsletter, *Wildlife Habitat*.

Your contributions make a difference!
